

OUTPOST

MOBILE SHOOTING RANGE

Introducing the OutPost Mobile Shooting Range. The first state of the art, mobile, firearms training product co-developed by Range Systems and Mancom. The OutPost's innovative design incorporates three 40 foot firing lanes, 360 degree lighted turning targets, custom bullet stopping components and a high efficiency ventilation system. Hook the OutPost Mobile Target System up to a tractor and operate in any location your firearms training needs exist. Call 877-423-1785 for pricing and product information.
